Fire Chef

In Partnership with
Ruaridh Emslie

The Experience

Join top fire chef Ruaridh Emslie and the Folk School team at one of our epic outdoor locations for an authentic adventure full of proper good food, cooked on a fire.

The Folk School's bushcraft experts will demonstrate lighting our cooking fires using traditional methods (fire by friction), as well as lead a foraging walk for seasonal edibles as we explore some fine ancient woodland.

As we return to our rustic outdoor kitchen, Ruaridh will coach you in the art of cooking with fire using ancient techniques and processes.

The Wilderness Difference

Bringing The Folk School's team together with Ruaridh Emslie creates a complimentary partnership where years of wilderness cooking experience and outdoor education forge with Ruaridh's specialist skills and knowledge.

Exciting stuff.

About Ruaridh

Ruaridh teaches people how to cook with fire, forage from the land, and reconnect with the world around them. In a time when life feels rushed and disconnected, he offers a way back to simplicity and meaning. Through practical skills and shared experiences, he helps people find joy in honest work, good food, and the quiet satisfaction of being part of something larger than themselves.
